Some famous brands are Volta, Daikin, Blue Star, Hitachi, LG, Samsung, Whirlpool, Panasonic, Videocon, Kelvinator, Micro-max, Hyundai, Sansui and Mitsubishi and many more. Normally when you buy an AC you will get in 1 year to the maximum 2 years of warranty/guarantee period. If you have any AC problem, AC Services will be free. After the warranty/guarantee period, you need to maintain it as per the instruction is given by the sales executive. Most people won't care about the AC services until and unless you have faced an issue with your AC and complaining the dealers or the product. When you buy AC from the dealers he will advise you, the AC will work 10 to 15 years if you maintained the AC Services every year. The amount you spent on AC will be justified when you follow the AC services every year. Why is AC Services Important? Most of the people think Ac services and AC repair is same. But the difference is if you don't maintain your ac services every year, your AC will get to repair. In India, the AC usage mostly will be in summer duration probably 5 to 7 months and other months your AC would be mostly shut down. After the shutdown period (winter and rainy) when you are going to use the AC again you must go to the AC Services. AC Services - Air Filter Cleaning Cleaning the Air filter is as easy as simple. It can be done by yourself, just remove the AC filters and then place them under a water tap. Then rub them with a soft brush then you will be able to clean the filters really well. Then place those filters where you took it. You will feel the breezy AC air is little cooler than before. How to choose AC Service Provider? Go to Google and look for Chennai AC World AC Services in Pallavaram, AC Services in Chromepet and AC Services in Tambaram. Look for the Google reviews, Sulekha reviews and just dial reviews.
